

Storage

Safe Keeping

TEAM Allied offers a range of global storage facilities and warehousing options, ranging from traditional storage in dedicated storage vaults to the latest 'fire safe' containerised computer operated facility and commercial archive storage. We provide cost-effective storage solutions with a variety of containers and flexible rental periods to suit all needs. In locations with extreme weather conditions, air conditioned and heated storage is utilised. All TEAM Allied facilities include 24 hrs security and alarm systems, as well as secure protection of data.
